

Dear Customer,

Over the past year and a half, Avery has been working hard to react to the constantly changing landscape accordingly. There remains a high level of uncertainty and inconsistency of raw material availability and we want to make sure we're servicing you and your customers' needs in the best way possible. In an effort to give you faster information and better lead times, we will be focusing on servicing highly requested items in our Supreme Wrapping Film portfolio for at least the next 60 days. If we have inventory of the products outside of this list, we will continue to ship them until we no longer have availability.

If the color doesn't appear on this list, anticipated lead times may reach out as far as July of 2022, and will be pushed forward as production increases.

Please note, Conform Chrome is not considered to be part of Supreme Wrap, and is not currently affected by these delays.
